

DATA PROVISION

NATIONAL SPORTS & RECREATION DATABASE

BENEFITS

- There are a number of benefits to those who contribute data
 - Visualising and geospatial analysis of assets
 - Data sharing and collaborating with potential data users
 - Managing assets – what to do with what currently exists
 - Business intelligence and strategy – helping to plan the long term
 - Data management and maintaining data quality

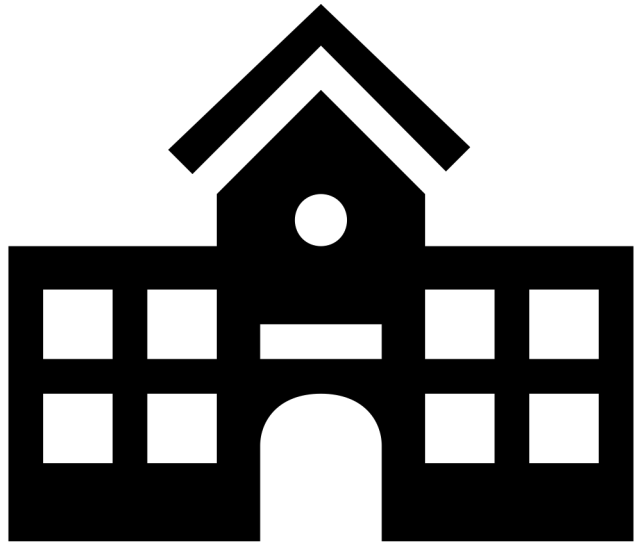

USE CASES

- Other important use cases include:
 - Social prescribing & healthcare
 - Emergency services
 - Tourism
 - Open data to use and analyse
 - Third-party app development

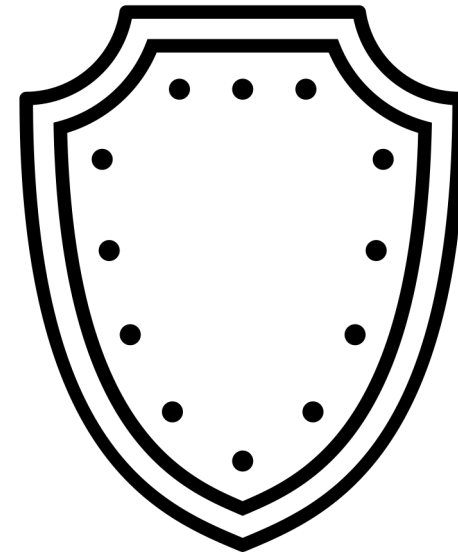

Activity Location

Any place where physical activity is carried out. Examples include a football ground, a town park, a beach, a leisure centre

Club

A group of people who take part in a sport or activity. Examples include a soccer team, a hillwalking club or an active retirement group.

HOW TO UPLOAD DATA

- There are two ways to upload data:
- **Single upload** – Use a web form to enter the details of one club or activity location
- **Bulk upload** – Use an Excel template to enter the details of multiple clubs or activity locations. Each row in the spreadsheet holds one club or activity location

Intro page

National Database of Sport & Recreation Amenities

Introduction to Survey

This survey collects information on sports facilities and activity locations for the [National Database of Sport & Recreation Amenities](#), an innovative and exciting initiative led by Sport Ireland. The project has strong support from across government and is being implemented in conjunction with Local Authorities, State Agencies and National Governing Bodies of Sport (NGBs).

By mid-2023, the aim is to develop an open, comprehensive, and authoritative database of sport and recreation in Ireland, with applications to promote physical activity for all, while supporting evidence-based decisions and policy at local, regional and national levels. Stakeholders include Government Departments, Local Authorities, State Agencies, NGBs, Local Sports Partnerships and more.

Public Benefits:

An interactive Website & App will allow members of the public to find opportunities to be active throughout Ireland. This will make facilities and activity locations more visible and

One-Stop Shop for Physical Activity in Ireland

Sport Ireland, in line with the Government's National Sports Policy, have led on the development of a National Database of Sport & Recreation Amenities. A primary aim is to increase physical activity levels across the population of Ireland, by providing a single portal for the public to find opportunities to be active, including clubs, facilities, public places, and trails.

As well as increasing the visibility of facilities and clubs, the database aims to improve how recreational amenities are planned, funded, and managed in Ireland.

For further information see [here](#).

Contact Details for Clubs & Facilities

In order to increase visibility and to be contacted by members of the public, we wish to collect and publish contact details of recreational facilities and clubs. We strongly encourage the use of generic / club email addresses and phone numbers, to avoid the supply of personal contact details. This also makes it easier in case of changes to personnel or roles.

However, personal details may be provided, and all details can easily be updated or removed at any point in future.

DATA PROTECTION & GDPR

Personal data

- Information that may identify a person
- Cannot handle or process without a clear consent
- Data must be used only for the purpose it was provided

Potentially person data

- Contact details for club/facilities
 - Phone numbers
 - Non-generic email addresses
 -  info@club.ie or club@gmail.com
 -  johnsmith@gmail.com or krfc@yahoo.ie

DATA PROTECTION & GDPR

Recommended approach

1. Data sharing agreements:
 - Drafted by Sport Ireland
 - To Be approved by Local Authority DPO network
 - Finalised Jan/Feb 2023
 - Cannot collect data until then
 - In the meantime, can collect & prepare data
2. Bulk data forms:
 - Have clear consent – can provide all data
 - If not, can provide bulk data with Potentially Personal Data removed

1. Supporting material

- We'll send you video of this workshop, online folder with support material, and a survey

2. Help Surgeries

- We'll have open sessions where we'll answer your single and bulk upload questions

3. Direct email

- Darragh O'Sullivan – Sport Ireland – dosullivan@sportireland.ie
- Fionntán O'Donnell – Derilinx – fionntan@derilinx.com
